

POLICY – ALCOHOL-FREE

Effective Date: 2020 Revision

The impact of alcohol in soccer:

Alcohol can have a detrimental impact on safety and health in the workplace. Alcohol can reduce a person's ability to work safely by affecting the nervous system, coordination, motor control, concentration, alertness and impeding the ability to exercise judgment.

Under the Occupational Safety and Health Act Calgary South West United Soccer Club has a duty of care to protect workers, coaches, parents, "all members" from known hazards and risks. This includes any impairment that may arise from the effects of alcohol.

Members who are impaired by alcohol increase the risk of injury and illness to themselves and to others. They must take reasonable care of their own health and safety to avoid harming the health and safety of other people through any act or omission.

Drinking alcohol can:

- Affect people's ability to work efficiently and perform tasks safely
- Cause liver or brain damage, heart disease, high blood pressure and increase the risk from many types of cancer
- Increase the risk of injury through road trauma, violence, falls and accidental death
- Lead to weight gain and obesity
- Harm the developing foetus in women who are pregnant, or a breastfeeding baby
