SWU CURRICULUM

The SWU Technical curriculum creates a relevant, coherent, and engaging environment for all players, parents, and coaches. The SWU Academy provides standards for measuring coach and player performance and promotes the four pillars of player growth: **technical, tactical, physical, and psychological**.

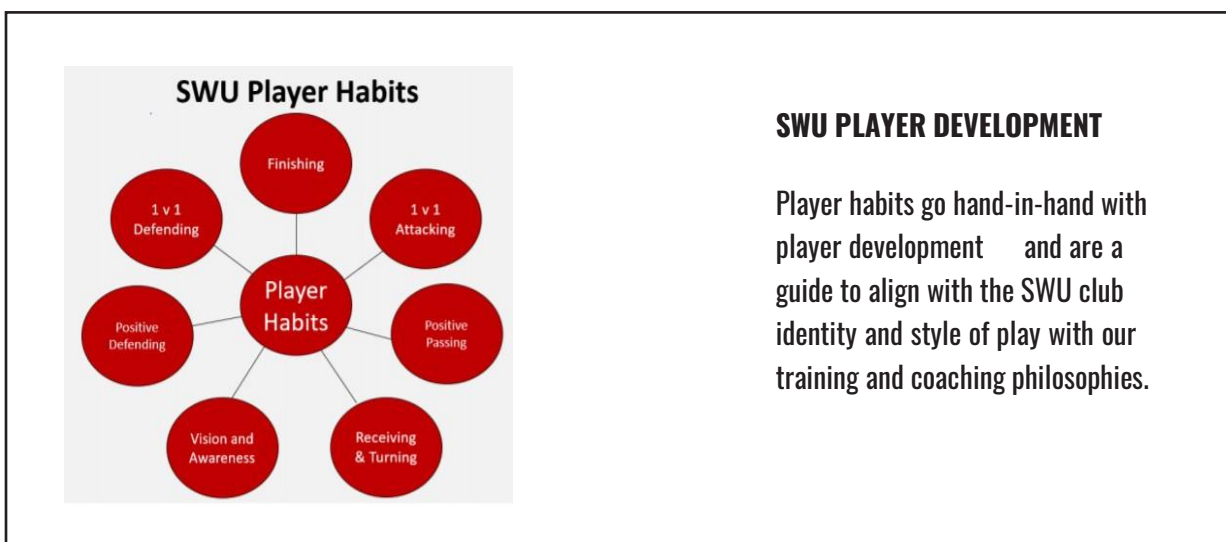

South West United's primary focus is to develop both technically and tactically sound players that are capable of making confident decisions within the flow of a game. We expect players to be competitive in matches; however, winning is a secondary goal at our youngest age groups as we adhere to the Canadian Soccer Association's Long-Term Player Development (LTPD) training model.

Through our structured and progressive age group appropriate curriculum, players learn how to solve soccer challenges creatively and skillfully. From the beginning, SWU coaches emphasize both smart decision-making (tactical) and correct technique (technical) to gain confidence and improve execution in the game environment.

Starting at the earliest ages, players are introduced to individual possession first before collective possession – players learn to “own the ball before you share the ball” with the SWU philosophy of a possession orientated style of play. Possession – which refers to keeping control of the ball as a team for the purpose of finding and exploiting opportunities to attack forward whenever possible. Teams are expected to build from the back; this means utilizing our goalkeeper and defenders to cycle the ball and switch the point of attack to find and exploit areas of the field where we hold numerical superiority. As the ball is moved up the field and closer to our opponent's goal, we encourage players to show more creativity and take 1v1, 2v1, and 3v2 chances to generate scoring opportunities. When the ball is lost, we want players to instantly transition to a defensive mentality of organized shape with the goal of winning the ball back as soon as possible to limit counterattacks. In order to stay true to our style of play, coaches train players to execute our “possession” style of play in both practices and games.

During the early years of development players will make costly mistakes often, especially as they learn how to build attacks from our goalkeeper and defenders. SWU refuses to discourage this philosophy as players make mistakes in their play; we will instead encourage them to learn from these mistakes. Creativity will be rewarded regardless of the outcome. Our younger teams will inevitably lose games to clubs that play a more direct and less skillful style of play, i.e. playing long balls forward and using speed and aggression to score. While the SWU route to playing a possession-oriented style of play may take longer to show results in the win-loss column, our teams will begin to execute consistently and surpass these types of teams as the players get older. These positive outcomes will create more opportunities for our players as they mature and learn.

PROGRAM INFORMATION

CSWU U13 to U19 Program Offerings

As a long-serving Member of the Calgary Minor Soccer Association, Alberta Soccer and Canada Soccer the CSWU Soccer Club is proud to align with our governing bodies to provide quality programming to our members. As youth players graduate in to older age groups, considerations for different levels of commitment and ability factor in to decisions regarding where families wish to participate. CSWU is committed to providing quality programming for all of our families as they reach these later Stages of Athlete Development. CMSA leagues provide age-based programming for Tiers 1 to 4 and the Alberta Youth Soccer League (a Standards Based League endorsed by Canada Soccer) provides age-based programming for more advanced athletes. We have provided some considerations (courtesy of CMSA) to assist in your decisions as to where to register your child.

Goals of the CMSA U13 - U19 League

CMSA's league offering for U13 - U19 includes quality programming for youth at all ages, stages of development, and interest/commitment levels.

CMSA welcomes experienced and novice players into any of our clubs to continue or begin their soccer journey. The CMSA U13-U19 leagues operate in alignment with Long-Term Player Development (LTPD) Standards and would be a part of Stage 7 - Active for Life or Competitive for Life.

CMSA advocates for equitable playing time for all players regardless of Tier in these ages.

A balance of skill level and commitment should be considered when tiering players. CMSA recommends the following considerations to ensure that players and families are placed accordingly:

Tier I and Tier II Considerations

More developed players:

For players who are more developed and experienced in the game of soccer

Year-round soccer participation:

For players who are more likely to play year-round and/or have soccer as their primary activity

Increased weekly commitment:

For families committed to 3 or more soccer activities each week (training and matches)

Tier III and Tier IV Considerations:

More entry-level players:

For recreational players and/or players who are entering the sport for the first time

Seasonal or multisport athletes:

For multi-sport athletes interested in seasonal participation or a variety of activities

Decreased weekly commitment:

For families committed to less than 3 soccer activities each week (training and matches)

SKILLS CENTRE

Registration **\$295.00**

We will be offering Skills Centre for all our Tiers and age groups. Starting at the U7 Grassroots all the way up to U19.

South West United Skills Centre is based on a model that helps players of all abilities grow and develop their skills. Our Skill Centre Program is designed to provide players with social experience, while enhancing their love of soccer and continuing to improve on technical skills and tactical soccer. Practices will

be based on the Skill Centre model where players are split into groups each week, working on their skills and a series of drills to develop and enhance their soccer skills.

Our primary goal is to develop at four different levels: coordinative (technical), cognitive (tactical or decision making), mental (socio-emotional) and physical, which also forms the 4 “pillars” of our learning methodology: technical, tactical, physical & psychological.

- Ball sense & coordination
- Attacking: dribbling, 1v1, 2v1, 3v2 techniques, change of pace
- Defending: Zonal vs Man, positioning & body shape, counters, pressure
- Ball control & possession: Technique & styles, ball manipulation, passing & receiving, turning (front & back to goal)
- Shooting & finishing: In close & at a distance, techniques
- Spatial Awareness: Overlaps, switching, positional

South West United has designed a specific training methodology for the educational approach of teaching soccer in our club. The main aim of this project is to provide a progressive teaching structure which supports all our coaches and players to comply with our club's philosophy.

***Dates and times will be determined once CMSA confirms league schedules.**
