Soccer Streams Offered

CSWU provides an enjoyable, competitive, and inclusive experience/environment for every participant by ensuring that safety, organization, structure, and enjoyment exists for both players and coaches. Our environment provides an opportunity for players to develop technically, tactically, physically, and mentally. **CSWU soccer offers three streams of soccer:**

COMMUNITY:

The CSWU Community Stream provides a solid foundation for players between the ages of 3-12 to learn the value of sport and the life lessons it provides. In addition it encourages Children to become passionate about soccer as they learn new skills and embrace camaraderie with team-mates.

DEVELOPMENTAL:

The CSWU Developmental Stream builds upon the foundation laid by the Community Program by creating an environment that optimises the potential of athletes, as they learn to build a positive relationship with the ball.

PERFORMANCE:

The CSWU Performance Stream is responsible to create an environment that caters to the needs of players as they start to reach the final stages of their Youth soccer career and beyond. Regardless of their level of play CSWU continues to develop players technically but also allocates significant time to improve players tactically, physically and psychologically.

CSWU COACH EDUCATION AND DEVELOPMENT

CSWU provides an environment for all coaches to develop and continue their learning and education. We will be providing coaches with the choice to complete their mandatory NCCP courses through our club for the Community Stream and continue to support our coaches with the goal of increasing the amount of C License certified coaches within our club. CSWU is also committed to supporting our coaches financially in the performance stream with financial support for those who successfully complete approved courses.

CSWU CURRICULUM

The CSWU Technical curriculum creates a relevant, coherent, and engaging environment for all players, parents, and coaches. The CSWU Academy provides standards for measuring coach and player performance and promotes the four pillars of player growth: **technical, tactical, physical, and psychological**.

South West United's primary focus is to develop both technically and tactically players that are capable of making confident decisions within the flow of a game. We expect players to be competitive in matches; however, winning is a secondary goal at our youngest age groups as we adhere to the Canadian Soccer Association's Long-Term Player Development (LTPD) training model. CSWU prides itself on developing players that have an increased relationship with the ball.

sound

Through our structured and progressive age group appropriate curriculum, players learn how to solve soccer challenges creatively and skillfully. From the beginning, CSWU coaches emphasize both smart decision-making (tactical) and correct technique (technical) to gain confidence and improve execution in the game environment. The importance of player habits as illustrated below has a significant impact on a player's development. CSWU is committed to ensuring that players have habits that will improve them in the 4 Moments of the Game (In Possession, Defensive Transition, Out of Possession and Attacking Transition).

Starting at the earliest ages, players are introduced to individual possession first before collective possession - players learn to “own the ball before you share the ball” with the CSWU philosophy of a possession orientated style of play. Possession refers to keeping control of the ball as a team for the purpose of finding and exploiting opportunities to attack forward whenever possible. Teams are expected to build from the back; this means utilizing our goalkeeper and defenders to cycle the ball and switch the point of attack to find and exploit areas of the field where we hold numerical superiority.

When the ball is lost, we want players to instantly transition to a defensive mentality of organized shape with the goal of winning the ball back as soon as possible to limit counterattacks. In order to stay true to our style of play, coaches train players to execute our “possession” style of play in both practices and games. During the early years of development players will make costly mistakes often, especially as they learn how to build attacks from our goalkeeper and defenders. CSWU refuses to discourage this philosophy as players make mistakes in their play; we will instead encourage them to learn from these mistakes. Creativity will be rewarded regardless of the outcome. Our younger teams will inevitably lose games to clubs that play a more direct and less skillful style of play, i.e. playing long balls forward and using speed and aggression to score. While the CSWU route to playing a possession-oriented style of play may take longer to show results in the win-loss column, we are committed to developing players with a great relationship with the ball. We believe this mentality of development will enable players to be lifelong soccer players but also enable them to have a greater opportunity to progress through the player pathway system in Canada.

PROGRAM INFORMATION

CSWU U14 to U19 Program Offerings

As a long-serving Member of the Calgary Minor Soccer Association, Alberta Soccer and Canada Soccer the CSWU Soccer Club is proud to align with our governing bodies to provide quality programming to our members. As youth players graduate in to older age groups, considerations for different levels of commitment and ability factor in to decisions regarding where families wish to participate. CSWU is committed to providing quality programming for all of our families as they reach these later Stages of Athlete Development. CMSA leagues provide age-based programming for Tiers 1 to 4 and the Alberta Youth Soccer League (a Standards Based League endorsed by Canada Soccer) provides age-based programming for more advanced athletes. We have provided some considerations (courtesy of CMSA) to assist in your decisions as to where to register your child.

Goals of the CMSA U14 - U19 League

CMSA's league offering for U14 - U19 includes quality programming for youth at all ages, stages of development, and interest/commitment levels.

CMSA welcomes experienced and novice players into any of our clubs to continue or begin their soccer journey. The CMSA U14-U19 leagues operate in alignment with Long-Term Player Development (LTPD) Standards and would be a part of Stage 7 - Active for Life or Competitive for Life.

CMSA advocates for equitable playing time for all players regardless of Tier in these ages.

A balance of skill level and commitment should be considered when tiering players. CMSA recommends the following considerations to ensure that players and families are placed accordingly:

Tier I and Tier II Considerations

1. More developed players:

For players who are more developed and experienced in the game of soccer

2. Year-round soccer participation:

For players who are more likely to play year-round and/or have soccer as their primary activity

3. Increased weekly commitment:

For families committed to 3 or more soccer activities each week (training and matches)

Tier III and Tier IV Considerations:

1. More entry-level players:

For recreational players and/or players who are entering the sport for the first time

2. Seasonal or multisport athletes:

For multi-sport athletes interested in seasonal participation or a variety of activities

3. Decreased weekly commitment:

For families committed to less than 3 soccer activities each week (training and matches)
